I see a lot of guys (in the UK) wearing Oakland Raiders apparel. Has the Raiders logo - like the Yankees - become a fashion

I see the Adidas Samba way more than the Killshots, yet somehow I never hear about the Sambas here. I always thought of the Samba as a better alternative.

[-] Jaredpls 7 points 1 year ago

I try to spread the Samba gospel whenever I can.

They're next on my sneakers-to-cop list. I'm just having trouble finding the colorway I want.

permalink parent

[-] StPauli 2 points 1 year ago

Create your own with Adidas.

permalink parent

[-] [deleted] 1 point 1 year ago

They're mentioned somewhat often.

Awesome post, but this is probably one of, if not *the*, most common shoes around here. Great shoes though, how the swoosh can compliment other colors in a fit.

permalink

[-] MfAnatic 3 points 1 year ago

I never even heard of them until yesterday on this subreddit, and now I've noticed at least 3 posts in the past two days about them

permalink parent

[-] xpristonx 1 point 1 year ago

Riding on the top comment to ask if Jcrew offers any sales on the shoes? \$120+ shipping internationally is abit too much for sneakers

permalink parent

[-] zayg 7 points 1 year ago

I managed to find my way into this album 3 times. I should wear mine for old times sake.

Thank you for your contribution! Is it alright if I use your images? I'll take them down if you'd like, but I seriously appreciate the pics you posted in your Killshots!

No issues with me :)

Great post! I personally love my Killshot's. They have been my go to shoe this summer. Worn them at least 3 times a week the past 3 months!

They've broken in nicely and are one of the most comfortable shoes I own and they're extremely versatile. I can't recommend this shoe enough. Definitely worth the \$70 price point.

permalink

[-] do_i_even_lift [S] 2 points 1 year ago

Seriously, even? I was a bit ticked when I found out I couldn't use my student discount on them, but I haven't regretted the purchase since. Definitely one of the most versatile shoes I've ever bought, *especially* for a pair of white sneakers.

permalink parent

[-] Persolz 2 points 1 year ago

My Jcrew let me use the student discount on them! Either way worth the price.

permalink parent

[-] flamingllama33 1 point 1 year ago

How do you use a student discount on these?

permalink parent

[-] do_i_even_lift [S] 1 point 1 year ago

Your J. Crew kicks ass, mine needs to be more progressive and get with the times :P

permalink parent

[-] Zaber123 2 points 1 year ago

Weird, I also used a student discount, and I'm not even a student. No questions asked.

That album makes me painfully aware of the lack of olive chinos in my wardrobe.

permalink

[-] do_i_even_lift [S] 2 points 1 year ago

They're seriously one of the most versatile pairs of pants I've ever bought. I have an Apolis pair and a Dockers pair (more green than olive, though) and they pair with just about anything.

permalink parent

[-] Brokim 2 points 1 year ago

Can you link me or tell me what Dockers olive chinos you have? I haven't found any Alphas in olive yet.

permalink parent

[-] do_i_even_lift [S] 1 point 1 year ago*

Sorry, [here](#) they are, but the color's called Sherwood, not really a true olive :/

permalink parent

[-] Brokim 2 points 1 year ago

great, thanks!

[-] [deleted] 12 points 1 year ago

My favorite fit in this album is the big guy with the cargo pants. Really nice layering and silhouette.

permalink

[-] Litterbug21 3 points 1 year ago

Anybody know approximate how long it's going to take to come off backorder?

permalink

[-] do_i_even_lift [S] 2 points 1 year ago

I just checked -- it varies dependent on size, but I know the 9.5s are back ordered til August 18th -- if you order in store they waive shipping costs though.

permalink parent

[-] Icantusemyimgurname 4 points 1 year ago

Where can one get that black pair in the second to last pic? Never seen alternate color ways and those look great

permalink

[-] verytalperson 3 points 1 year ago

Anyone got the best way of getting these in the UK? I'm absolutely itching for a pair but no international shipping.

permalink

[-] Punkjack 2 points 1 year ago

Same here. Seen a previous thread basically saying no chance of getting them over here. Waiting for a friend stateside to pick me some up when they get back from their travels.

permalink parent

[-] verytalperson 2 points 1 year ago

Doubtful in size 13 as well :(

permalink parent

[-] do_i_even_lift [S] 2 points 1 year ago

You could go through a proxy? I don't know how well that works out (or any notable proxy services) but having some one get them for you could work -- only downside'd be an up charge, I suppose :/

HOW DO I CLEAN THESE SHOES?

permalink

[-] Death_by_Cupcakes 3 points 1 year ago

For me washing it with toothpaste, some warm water, a clean cloth, and a toothbrush works pretty well.

permalink parent

[-] imilkmyunicorns 1 point 1 year ago

Does toothpaste really work? It wouldn't be all sticky or anything?

permalink parent

[-] Death_by_Cupcakes 1 point 1 year ago

Yep! I just followed this [guide](#) right here, just make sure to try to avoid getting any liquid on the suede. Other than that, it worked perfectly.

permalink parent

[-] imilkmyunicorns 1 point 1 year ago

Thanks! Do you know if there's any way I can get rid of the leather creases

permalink parent

[-] SpecksMyBrain 1 point 1 year ago

Unfortunately, that's what you get with shitty leather

permalink parent

[-] do_i_even_lift [S] 1 point 1 year ago

Others are suede brushes/kits you can use one the uppers, but wholly I just think preventive tube measures would be better -- I basically slathered mine in protectant coating for the first several weeks I wore them.

permalink parent

[-] FearAndFlashbacks 3 points 1 year ago

The most comfortable shoes I own. I've gone through 3 pairs of Vans in the time I've had these, worn at least 1-2 times a week for about 8 months and only some creasing and dirtying of the suede to show for it!

[-] Ichikasukito 3 points 1 year ago

This is the first time I've seen myself in an inspiration album (#32).

I love my Killshots. They were absolutely worth the \$60 I spent for them. And they've felt much more comfortable after being broken in.

permalink

[-] do_i_even_lift [S] 2 points 1 year ago

You only spent \$60? Nice! Also, are you okay with me using your picture? I'd love to keep you in the album, but if you want I'll take your pic out.

permalink parent

[-] Ichikasukito 2 points 1 year ago

You can still use it, no worries!

permalink parent

[-] cameronwhite1995 3 points 1 year ago

Does anyone know where to preorder a color other than white/blue (#7 or #17 in particular)?

permalink

[-] do_i_even_lift [S] 1 point 1 year ago

Amazon has a couple options, but I don't think they're the one's your looking for.

permalink parent

[-] cameronwhite1995 2 points 1 year ago

You're right, they're not what I'm looking for. Thanks though.

permalink parent

[-] Baller75 2 points 1 year ago

Is it just me or are Killshots uncomfortable as fuck? My feet have been sore after walking around in them.

permalink

[-] SecondQuarterLife 3 points 1 year ago

I noticed there's this bump on the medial side that presses against your inner foot arch. I ended up getting half a size larger just to try to negate that annoying thing.

permalink parent

[-] zayg 1 point 1 year ago

Mine are some of my most comfortable shoes. All my Nikes are tbh.

permalink parent

[-] do_i_even_lift [S] 1 point 1 year ago

Mine feel fairly comfortable, and I'm flat footed; not all shoes work for everyone though, and this is one of the first pairs of sneakers I've been able to wear on a daily basis.

permalink parent

[-] Pro_Australian 1 point 1 year ago

Most Nike's are on the narrow side, so if you have wide feet they maybe uncomfortable.

permalink parent

[-] Fart_Garfunkel 2 points 1 year ago

Are killshots available from somewhere not J. Crew?

permalink

[-] do_i_even_lift [S] 1 point 1 year ago

I found some cheaper versions on Amazon, but none through Nike (oddly enough); only the white/blue ones with the gum sole are through J. Crew.

permalink parent

[-] Fart_Garfunkel 1 point 1 year ago

Thanks!

permalink parent

[-] GiantNomad 2 points 1 year ago

Just got the Killshots. Can't wait for mine to get dirty/broken in though. Don't like the fresh/clean/white look.

permalink

[-] ChuckESTeeze 2 points 1 year ago

I don't know how I ended up being the odd man out, but mine are the only pair I've seen that have a bright blue swoosh versus the more common navy. I got them at J.Crew40% off woo but their site has always featured the navy. Weird.

permalink

[-] do_i_even_lift [S] 1 point 1 year ago

Own that dude -- I've never seen a variant like that!

permalink parent

[-] ChuckESTeeze 2 points 1 year ago

Oh for sure. I'm wearing them right now! My favorite sneakers by far.

permalink parent

[-] [deleted] 2 points 1 year ago

I'm not a huge killshot fan, but i really like the red ones in image 17

permalink

[-] vectorzulu 2 points 1 year ago

Are they still on market? I looked on Zappos,JCrew and they are out of stock.

permalink

[-] do_i_even_lift [S] 1 point 1 year ago

They are, J. Crew's just on backorder (I was told they were until August 18th, last I checked).

permalink parent

[-] vectorzulu 2 points 1 year ago

Understood.

permalink parent

[-] MafiaPenguin007 2 points 1 year ago

Not only did my Killshots arrived today, finally, after 3 weeks of being 'backordered', but you included in your album picture #2, of the dapper gentleman in grey pants on the boat wearing Killshots, which I have been searching for frantically for the last few days and simply could not find.

Today was a good day.

permalink

[-] do_i_even_lift [S] 1 point 1 year ago

Glad to hear it man, congrats!

permalink parent

[-] youslow 2 points 1 year ago

Can anyone identify the pants in the third picture?

permalink

[-] illawigickal 3 points 1 year ago

Hm. Can't say I was a fan before, but giving them a longer look again, I kind of like them. I'm a fan of the rather slim silhouette.

permalink

[-] Wumbologist4 1 point 1 year ago

Is it fashionable to just not wear socks?

permalink

[-] [deleted] 5 points 1 year ago

It was a trend that peaked a few years ago and is now part of the status quo. Some people prefer the way it looks without socks, especially in the summer. Neither socks nor no-socks is 'wrong'.

permalink parent

[-] do_i_even_lift [S] 1 point 1 year ago

It's just another way to wear them, plus I typically wear no shoes whenever I go "sockless"
